

20th April 2020

Dear Parent/Carer,

Re: Activities Week 2020

We are writing to give you an update on Activities Week in June 2020. I am very aware that this has been on everyone's mind since the closure of the school due to the coronavirus in March. Since then, we have been liaising with the Education Department and sought advice from the Foreign and Commonwealth Office (FCO) regarding trips and activities which are due to take place in the forthcoming months.

We all agree that in this challenging time, the safety and well-being of your children must come first. With this in mind, we have made the decision that we are postponing our annual Activities Week until June 2021.

We are currently in the process of issuing refunds to all parents who have made payments to the school for on and off island trips. You will receive a full refund in the forthcoming weeks, with the priority being off island trips in the first instance. We ask that you are patient whilst we accommodate refunds for approximately 500 students.

We know that this will be a disappointment for both students and staff, but there is just too much uncertainty in the current climate and our students' safety continues to be our top priority.

If you have any queries, please do not hesitate to contact Miss Carré on e.carre@grainville.sch.je

Yours faithfully,

Mrs S Morris
Headteacher

Miss E Carré
Activities Week Coordinator
